

APPENDIX B

Claims

37. (Amended) Apparatus as defined in claim [1] 36 wherein said deflectable mounting structures support said frame on a track structure which guides movement of said frame.

38. (Amended) Apparatus as defined in claim [2] 37 further comprising a deflectable seat cushion on said frame.

40. (Amended) Apparatus as defined in claim [4] 39 further comprising a deflectable seat cushion covering said bottom portion of said frame.

44. (Amended) An apparatus as in claim [41] 42 wherein said seat structure is a seat pan.
